

Email 1: Extension Request

Subject: Request for Additional Time – Data Structures Assignment

Dear Professor Das,

I hope you are having a good day. I am writing to request a small extension for the Data Structures assignment scheduled for submission on April 2nd.

Over the past few days, I have been dealing with some unexpected personal issues, which affected my ability to complete the assignment on time. I want to submit work that properly reflects my understanding, and I feel a little extra time would help me improve the quality of my submission.

If possible, I would be grateful for an extension of two days. I completely understand if this cannot be granted and will respect your decision.

Thank you for your understanding.

Yours sincerely,
